

## Invitation

Dear colleagues,

Institute of Organic Chemistry with Centre of Phytochemistry – Bulgarian Academy of Sciences has the honour and the privilege to organize the First International Conference on Bio-antioxidants on theme: “Natural Bio-antioxidants – as a Base for New Synthetic Drugs and Food Additives/Supplements” in Sofia from 25<sup>th</sup> to 29<sup>th</sup> June 2017. Aiming to support the participation of young scientists and students at this prestigious international scientific event, also Young Scientists School on Bio-antioxidants is simultaneously organized.

The topic of the First International Conference on Bio-antioxidants is undoubtedly current during the last decade. Most recently, special attention is turned not only to the therapy of some difficult to treat diseases, but also to the prevention of these diseases, which has an important social effect. Many leading scientist in the field are invited and will take part – from Italy, Spain, Poland, Greece, Russia, Brazil, USA, India etc. Approximately 100-150 participants are expected. The participation of outstanding scientists from all over the world will give the scientific society and the young people in Bulgaria the opportunity to get introduced to the most recent trends for searching and proposing new bio-antioxidants – natural and synthetic.

The Organizing Committee of the First International Conference on Bio-antioxidants has the pleasure to invite you to take part with oral or poster presentations.

More information you can find at the official webpage of the conference: <http://icba2017.orgchm.bas.bg/>

15.01.2017  
Sofia

Sincerely yours:

Prof. Dr. Vessela Kancheva  
Chairman of the Organizing Committee
